## PLANS AUDITORIUM

FOR CHAUTAUQUA IN THE NORMAL PARK.

## DECIDED TO BUILD ONE

At the Commercial Club Meeting Tuesday—Such a Building is Badly Needed Here.

The Commercial club meeting held Tuesday evening to take up the matter of the feasibility of building a public auditorium on the Chautauqua grounds at Normal park was well attended and a great deal of interest taken in the matter.

It was decided at the meeting that an auditorium be built in the Normal park, and it was suggested as a way of raising money to build it that shares of stock at \$10 a share be sold, and that a stock company be organized to have charge of the building.

The proposed building will cost about \$4,000. It will seat 2,500 people. The plans of the building are similar to the auditorium building at Creston.

The Chautauqua committee is composed of Prof. P. O. Landon, D. R. Everole, G. B. Roseberry, Paul Elson and George B. Baker. Two other members were added to the committee last night, being George L. Whitley and Fred P. Robinson. The committee will see if the money can be raised, and if not this year, an effort will be made to have it for 1912.

A public auditorium building is very much needed in Maryville, and it seems that the money should not be very hard to raise, taking into consideration that Maryville raised \$3,000 for baseball last year.

Prof. Landon, manager of the Chautauqua this year, says that the coming one will be the best one yet held here, and the talent on the program is among the best in the country. The Chautauqua will be an eight-day season, and will take in two Sundays. A feature of tenting out will also be made for this year's meet.

### Announcement for Miss Herren.

The announcement of the approaching marriage of Miss Mary Alice Herren, the daughter of Mr. and Mrs. John W. Herren, of East First street, was made Tuesday afternoon at a party given by Mrs. Joseph Jackson, Jr., the intimate friend and playmate in childhood of the bride-to-be. Shortly after the arrival of the guests a messenger boy in the person of Master Ralph Wilson Everole, delivered a telegram to each guest, which conveyed the happy news that on Tuesday, April 4, Miss Herren would be married to Mr. Wray Dudley of Pittsburgh, Pa. The little messenger boy presented a beautiful book for the signatures of the guests in receipt of their telegrams, which proved to be the opening chapter in the bride's book. The hostess then presented Miss Herren to her guests. A lovely luncheon in green and white followed. The favors were bride slippers filled with candies, all in green and white. After luncheon games were played at six tables, which were decorated with pots of white narcissi. The players holding the highest score at each table were presented a pot of those

### A "Kitchen Shower."

All because she came home Sunday night from a brief visit, wearing a ring her friends had not noticed her wearing before a Maryville young woman was given an impromptu "kitchen shower" Monday night. She was rendered almost "dumb and spacheless" by the demonstration, which is taken as a "sure sign" by her friends. Now, then, guess who?

## MANAGES STANDARD OIL BUSINESS

Mrs. Scott McKee of Clyde, Kan., formerly of Maryville, is in the city looking after her property, on South Dewey street, and will remain until a new cement walk is built in front of her lots, according to a recent order of the city council. Mrs. McKee's husband, who was employed in this city many years, died at their home in Kansas about one year ago. He was the manager of the Standard Oil company's business at Clyde, and after his death Mrs. McKee was appointed in her husband's place. His death was caused by injuries he received the day Ringling's circus tent was blown down in Maryville. While in the city she is the guest of Mrs. M. J. LaVelle, at 507 East Edward street.

## IS PRINCIPAL OF SCHOOL IN IOWA

Mrs. J. T. Pierce of Cameron, Mo., arrived in Maryville Tuesday evening to visit friends a day or two, and is the guest of Mrs. J. F. Montgomery. Pierce, was district superintendent of the Maryville district for the Methodist Episcopal church conference. Dr. Pierce is now pastor of the M. E. church at Cameron.

## NO HOSTILE INTENT

PRESIDENT'S POLICY AS TO MEXICAN INSURRECTION EXPLAINED.

## NO DESIRE TO INTERFERE

More Light is Thrown on Administration's Policy and Attitude of President.

Washington, March 22.—The Mexican situation cleared considerably here. The attitude of the United States government has been made and there need no longer be any doubt, it is said by administration officials, regarding the president's policy.

Mr. Taft has announced he will do everything possible to maintain the friendly relations existing between this country and Mexico. Any rupture must come as the result of some overt act on the part of the Mexicans.

The United States has no desire to interfere in the internal affairs of Mexico and President Taft will not recommend any such interference to congress unless circumstances permit of no other possible course.

The American troops were sent to Texas and prepared for any emergency on the strength of reports which indicated that conditions in Mexico were approaching such chaos that at any time might threaten American lives and property.

These reports were of such a nature that President Taft felt he could not fail to heed them. He acted quickly and hoped the threat of danger would be stayed.

### Army's Presence Effective.

Mr. Taft believes that this has been accomplished and that the presence of the army in Texas, within striking distance of the Mexican border has had a sobering influence and that Americans and American property will be respected.

There will be no move toward the Mexican border unless outrages so flagrant as to call for the presence of a protecting force occur. Even in the event of such an outbreak President Taft would not think of acting without the consent of congress.

The limitations upon the power of the president to commit an act that might be interpreted as an act of war are so well defined that Mr. Taft has been amused at many of the reports as to what he proposed to do with the army after it was mobilized.

The president felt that it was his duty as commander in chief of the army and navy to prepare for an emergency, so that if congress should be called upon to act, its orders could be carried out with the greatest possible speed.

How long the troops will remain in Texas will depend entirely upon developments in Mexico. The United States government has determined to give President Diaz every chance to restore order. President Taft has determined that this government shall fulfill its international obligations in stopping the smuggling of arms and ammunition across the border.

The enforcement of the neutrality laws called for the presence of many additional troops and was one of the causes of the recent army movements. Mexico has made no protest against the presence of troops in Texas. Such a protest would be regarded as undiplomatic, inasmuch as the troops are on American soil and must remain on American soil until congress shall otherwise direct.

President Taft repeatedly has assured the Mexican ambassador, Mr. de la Barra, that the Mexican government need feel no alarm over the movement of the troops. He has sent the same assurances to Mexico City. These assurances are in line with the policy of the administration to maintain the friendliest of relations so long as such relations are possible.

There is every reason to believe that the troops will remain in Texas for at least four months.

## DIAZ TOO PROUD TO YIELD

Junta Expects United States to Intervene Within a Week.

San Antonio, Tex., March 22.—Members of the local junta of the revolutionists do not believe Finance Minister Limantour will be able to effect a peace agreement with Diaz, if he would. The junta expects American intervention in Mexico within a week. They say Diaz is too proud and dictatorial to accept any proposition toward peace that would be accepted by the rebels.

### 700 Soldiers Start for Honolulu.

San Francisco, March 22.—Having on board the First and Second battalions of the Second infantry, numbering 500 officers and men, under Colonel F. W. Mansfield, 165 men of the Fifth cavalry and First field artillery and a few recruits, the transport Crook sailed for Honolulu. The troops will be added to the garrison at Fort Schofield, Hawaii.

### Plan for Decisive Attack.

El Paso, Tex., March 22.—That Francisco I. Madero, with 1,000 insurgents operating south of Casas Grandes, Mexico, and General Orozco, with 800 men, are arranging a decisive attack in case peace negotiations fail was announced in insurrecto circles.

Mrs. Eugene Ogden and little son, Homer Eugene, returned Monday evening from a two days' visit with relatives at Bedford.

## THEIR NEPHEW DIED IN TEXAS MONDAY

Mr. and Mrs. W. W. Jones of West Second street will leave Wednesday night for Orient, Ia., to attend the funeral services of their nephew, Roy Jacoby of Des Moines, Ia., who died in Robertson, Texas, on Sunday, where he had gone for the benefit of his health.

Mr. and Mrs. Jones will be joined at Hopkins by L. D. Dowling, a brother-in-law of Mrs. Jones, who will accompany them to Orient, Ia. Dowling being unable to go. The body of their nephew will be taken to Orient, his birthplace, on the same train. His parents have frequently visited Mrs. Dowling and Mrs. Jones here, and are known to many.

The young man was 18 years old. He graduated last June from the high schools at Des Moines and was preparing to enter Drake university at Des Moines when his health failed. He went to Canada and later to Texas in the hope of regaining his health, but overwork in school had undermined his health to such an extent that he was unable to overcome the effects. He was quite an artist and had charge of the art department of his school paper in his senior year, and also was an energetic worker in the Christian church, where he had been a member since a child. His sister, Miss Mildred Jacoby, a Drake university graduate, is a teacher in a training school near Des Moines.

## TO PRESIDE OVER THE MEETING

Superintendent C. A. Hawkins of the city schools will preside over the agricultural meeting to be held Thursday evening at the court house, at the request of President Hill of the state university, who will be with the agricultural special train, which will arrive in the city Thursday evening at 7 o'clock.

A little excitement occurred in Guilford Monday evening, when Frank Clayton's team got loose from the hitch rack and ran away and came running over Mrs. Robert Nelson, who was just crossing a street, ran into the wagon of Dallas Warlock, who was just leaving town, as he was passing the M. E. church, turning his wagon over on him. Several men ran to help. One got hold of the team and others turned the wagon up on its wheels, and Dallas was found not very badly hurt. One leg was bruised a little. The Clayton team was stopped near the home of Alex Wilson, with no damage done to wagon or team.

Effie Gilbert of Cawood visited at the home of E. Halfhill on Monday.

Charles Sidle of Braddyville, Ia., spent Monday and Tuesday visiting friends and relatives.

## AUTOMOBILE LAW

LAYS DOWN LONG LINE OF REQUIREMENTS.

## CLOSE TAB TO BE KEPT

Of Motorists—Bill Fixes Heavy Penalties for Violation of the Law.

Missouri's automobile law, the Hull bill, which will become effective August 1 next, lays down a long line of requirements for motorists, says the St. Joseph News-Press. The motor car owner and driver will have no excuse for delinquencies after the bill becomes a law, for the framer has covered the ground thoroughly.

Provision is made, first of all, for registering automobiles with the secretary of state. The name, factory number and horsepower, A. L. A. M. rating must be mentioned, among other things, and the secretary of state thereupon assigns a number and certificate, and a number plate, duplicates of which are to be had for \$1. Before August 1, this year, certificates will be issued, expiring January 1, 1912, on which half the regular fee will be exacted. Thereafter the licenses will be good from February 1 to January 31 at this annual charge:

Motors up to twelve horsepower, \$2; twelve to twenty-four, \$3; twenty-four to thirty-six, \$5; thirty-six to forty-eight, \$7; forty-eight to sixty, \$8; sixty to seventy-two, \$10; seventy-two and over, \$12.

When a man sells his car he will be required to notify the secretary of state immediately. The buyer must report within ten days. He will be permitted to run the car fifteen days without a certificate of transfer from the secretary of state. One dollar will be charged for this. The license fee will not die with the sale, as at present. A man buying a car from a dealer will be allowed to run it fifteen days with the dealer's general number attached, provided he has applied for an individual license.

### The License Numbers.

As for the license numbers they are to be on a plate six by ten inches, the characters four inches high, with each stroke of each number at least three-eighths of an inch wide. The number of not more than one state may be displayed on the car at once. Dealers, in addition to their license number and the letters "Mo." will show on their tag the letter "D." Their registration fee will be \$16, for which they will get a general certificate and five tags for attaching to their demonstrator cars. For extra tags they will be charged \$5 each. Dealers must send in a monthly report of the cars they sell. Non-residents of the state are not covered by the license provisions, unless they keep their cars within the state more than twenty days, provided the owner has complied with the automobile license regulations of his own state, and displays his number.

A person operating an automobile, on signal from anyone riding, driving or leading a horse or other animal, shall bring the car to an immediate stop long enough to permit the horse or animal to pass, or, if traveling in the same direction, shall use "reasonable caution" in passing it. If the horse appears frightened, or the person in charge of it signals, the automobile driver must stop his motor "so long as shall be reasonably necessary." The same care must be exercised in approaching or passing trolley cars which have stopped to allow passengers to alight or enter, and, if necessary, the automobile must be stopped. On approaching pedestrians, intersecting highways or curves or corners in highways, there must be the same caution.

### Rules of the Road.

The rules of the road are laid down. An automobile driver must keep to the right when he meets anyone in the public highway, and when an automobile driver overtakes anyone, the latter, "as soon as practicable," must turn aside so as to let the motor pass on his left. As for speed, the car must be driven in a "careful and prudent manner, and at a rate of speed so as not to endanger the property of another or the life and limb of any person." The section goes on to say, though, that a rate higher than twenty-five miles an hour, for a distance of one-half mile, "shall be presumptive evidence of driving at a rate of speed which is not careful and prudent."

Once the motorist has received a state certificate of registration, no other certificate will be required in the state, excepting whatever license there may be exacted by the place where the owner resides. They must not be higher than the state charge, however, nor may any city, town or village through which the owner may pass, charge him any license tax.

A person who desires to earn his living as a chauffeur must apply for license, giving his name, the name

and style "of the motors he is competent to operate," and other information, whereupon the secretary of state will register him and assign him a number and badge, upon payment of \$1.50. No provision is made for examination. The only restriction is that licensed chauffeurs may not be under the age of 18 years. No chauffeur may permit another to use his badge, and no chauffeur may operate, unlicensed, after August 1, next, excepting non-residents who have complied with the laws of their home state or county, who shall be exempt for only twenty days.

### Must Investigate Accidents.

Any person operating an automobile who knows that injury has been caused to a person or property due to his culpability or to accident, and who leaves the place of accident without giving full details concerning himself to the injured person, or the nearest police officer, or the nearest police station or judicial officer, shall be guilty of a felony punishable by a fine of not more than \$500 or by imprisonment for two years, or both, and if any person be convicted a second time of this offense or driving his car while intoxicated, he shall be guilty of a felony punishable by a sentence of two to five years. The secretary of state will revoke the licenses of persons who are convicted, and any person driving a car while the license is revoked, shall be guilty of a misdemeanor. Violation of any of the provisions concerning licensing of chauffeurs shall be a misdemeanor, punishable by a fine not exceeding \$50.

All registration fees will go into the state good roads fund. The law provides for an automobile license clerk to get \$1,500 a year and an automobile state license inspector whose duties shall be to aid in enforcing the provisions of the law, at a salary of \$2,000.

## HER SON INJURED ON FREIGHT TRAIN

Mrs. A. Hardisty of South Dewey street went to St. Joseph Tuesday evening to see her son, Albert Phillips, who was injured the day previous. Mr. Phillips is a brakeman on a freight train, and while attempting to turn on an air brake that refused to work he was thrown several feet and through a car window of another train as his train stopped. He was severely cut about his face, head and arms. Mrs. Hardisty had not learned whether his injuries were serious or not.

## THE "CLEAN UP" DAY

WOMEN TO LEAD IN WARFARE AGAINST DIRTY STREETS.

## GREAT INTEREST TAKEN

It is Proposed to Clean the Alleys, Streets and Back Yards of Some of the Fifth.

Mayor Robey received several calls Wednesday, wanting to know about the "clean-up" day, which has been set for March 29. The work this year will be done under the direction of the women of the city, and there seems to be a great deal of interest taken in it among them.

Mrs. Rickenbrode, president of the Twentieth Century club, in talking to Mayor Robey Wednesday, said that there were probably fifty members that would like to meet with him and perfect plans for an organization to see that the work is done. This meeting will probably be held the latter part of the week, and at that time committees will be appointed for the various wards, to have charge of the work in their respective wards.

Commencing Tuesday, the city placed a trash wagon at the disposal of the citizens to haul off the dirt and refuse along the streets the people may desire to clean up. Street Commissioner Tilton has been instructed by Mayor Robey to commence work on cleaning up the streets, and to haul off the dirt.

The indications are that the "clean-up" day this year will be a big success.

## COUNTY COURT ADJOURNED WEDNESDAY

The county court, which has been in session this week, will adjourn Wednesday evening. The court has been looking over the school loans of the county.

## MERRILL ALDERMAN IS GAINING SOME

Dr. Charles T. Bell reports the condition of Merrill J. Alderman as better Wednesday, and considers his chances for recovery much better now than at any time since improvement began. All the symptoms are for the better, which is gratifying news to all Mr. Alderman's friends.

Mrs. Luther Eckles of Graham was the guest of her sister-in-law, Mrs. James F. Cook of South Buchanan, from Sunday until Tuesday afternoon.

Mrs. Harry Irwin went to St. Joseph Monday evening for a several days' visit with her aunt, Mrs. Mecca Moore.

Registration of voters has been found absolutely necessary to honest elections in the cities, and it would not be a bad thing for the small cities and the country districts. It doesn't interfere with honesty anywhere, but it does interfere with dishonesty.

The latest from Columbia is that Chief Josephine has packed her trunk and will be in Maryville tomorrow evening.

### NO WAR JUST YET.

President Taft, who has just returned from his golf games in Georgia, hastens to put the soft pedal on the war talk. The fact is there has never been anything to it but talk—but unbridled talk and senseless secrecy over inconsequential matters often cause mole hills to become mountains in fact.

Everybody knows that we have no ground for war with Mexico, and everybody knows that we have no ground for war with Japan. Both are very friendly and are among this country's most faithful imitators. Everybody knows that the Mexican revolution has so far amounted to very little, and that the United States has no earthly excuse for invasion or intervention. Invasion of a foreign country means war, and congress only can declare war.

the massing of an army of 20,000 men with cannon, pontoon bridges and all the equipment and paraphernalia for real war in the immediate vicinity of a country that is in trouble suddenly and without explanation could only serve to excite the public mind and occasion every sort of sensational speculation and groundless rumor. The President no doubt had some real purpose to serve beyond merely patrolling the border, but the mystery surrounding the whole transaction and the tremendous cost to the government is sufficient to subject the President to criticism, and he has done well to begin, at least, to take the people into his confidence.

## PLUCK.

Did you tackle that trouble that came your way  
With a resolute heart and cheerful?  
Or hide your face from the light of day  
With a craven soul and fearful?  
Oh, a trouble's a ton, or a trouble's an ounce,  
Or a trouble is what you make it;  
And it isn't the fact that you're hurt  
That counts—  
But only how did you take it?

You are beaten to earth? well! well!  
what's that?  
Come up with a smiling face.  
It's nothing against you to fall down flat,  
But to lie there—that's disgrace,  
The higher you're thrown, why, the higher you bounce,  
Be proud of your blackened eye,  
It isn't the fact that you're licked that counts,  
It's how did you fight and why?

And though you be done to the death  
—what then?

If you battled the best you could,  
If you played your part in the world  
like men,

Why, the critics would call it good.  
Death comes with a crawl or comes with a bounce,  
And whether he's slow or spry,  
It isn't the fact that you're dead that counts,  
But only how did you die?

—Harrison Lee, in Leslie's.

George Robb Ellison left Wednesday for St. Paul, Minn., on business.

## THE PRAYER A HORSE UTTERED.

There is a prayer of a horse which might profitably be posted in every stable in the land:

"To thee, my master, I offer my prayer: Feed me, water and care for me, and when the day's work is done, provide me with shelter, a clean, dry bed and a stall wide enough for me to lie down in comfort. Talk to me. Your voice often means as much to me as the reins. Pet me sometimes, that I may serve you the more gladly and learn to love you.

"Do not jerk the reins, and do not whip me when going up hill. Never strike, beat or kick me when I do not

understand what you mean, but give me a chance to understand you. Watch me, and if I fail to do your bidding, see if something is not wrong with my harness or feet.

"Examine my teeth when I do not eat. I may have an ulcerated tooth and that, you know, is very painful. Do not tie my head in an unnatural position or take away my best defense against flies and mosquitoes by cutting off my tail.

"And finally, O my master, when my useful strength is gone, do not turn me out to starve or freeze, or sell me to some cruel owner to be slowly tortured and starved to death; but do thou, my master, take my life in the

kindest way, and your God will reward you here and hereafter. You may not consider me irreverent if I ask this in the name of Him who was born in a stable. Amen."

"How about this garden illumination by Chinese lanterns?"

"It is in an entirely suitable predicament."

"How is that?"

"It is a hanging fire."—Baltimore American.

### CROUP CONQUERED.

Every Mother Should Read and Remember This.

In any home where a child has a tendency to croup, a bottle of Hyomei (pronounce it High-o-mei) should be kept constantly on hand.

A sudden attack of croup with difficult breathing and extreme distress is apt to come on at any time.

The course to be pursued is plain. Send for your doctor at once, and in the meantime drop thirty drops of Hyomei into a bowl of boiling water, and hold the child's head over it, cover with a towel or cloth, so that only the air filled with Hyomei vapor is breathed.

This method of treatment has saved many a child's life, and mothers of croupy children should see to it that Hyomei is always on hand. Full instructions for prompt relief of croup is in each package.

A 50c bottle of Hyomei is all you need in treating croup. This is known in all drug stores as Extra Bottle Hyomei Inhalant. Druggists everywhere and the Orear-Henry Drug Co. sell it. Breathe Hyomei. It is guaranteed to cure catarrh, croup, sore throat, bronchitis, coughs and colds, or money back.

IT'S ALWAYS BAD.

The Best of Backs Are Bad When They Ache, and Maryville People Know It.

A bad back is always bad. Bad at night when bedtime comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

If you don't, some Maryville people do.

Read a case of it: J. A. Murphy, East Fourth street, Maryville, Mo., says: "I suffered considerably from kidney and bladder trouble. In the morning upon arising my back was weak and stiff and there was a dull ache in my loins which at times handicapped me in doing my work. Whenever I caught cold it settled in my kidneys, and at such times the kidney secretions became unnatural. I was run down in health when I read about Doan's Kidney Pills and procured a supply at Charles A. Love's drug store. Soon after beginning their use I found relief, and I am now free from kidney trouble. I occasionally take a few doses of Doan's Kidney Pills, finding that they serve to keep my kidneys in a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### How To Surely Get Rid Of Rheumatism

Phenomenal Results Of Positive Antidote To Uric Acid.

The first dose or two of the positive antidote found for uric acid, gives immediate relief in all forms of rheumatism, gout, lumbago and

kidney trouble, and quickly brings on a cure. Every man and woman who has already tried it knows that this statement is true.

This antidote, called the "Fuss" Rheumatism Cure, has already cured over 1,000 cases of rheumatism. As an illustration, it cured Mrs. Mary E. Thorn of Owosso, Mich., 87 years old, of a 14-year case of rheumatism in 3 days. It cured Enos Kingsley, the well-known ladies' tailor of Flint, Mich., of an excruciating case inside of a week. And many other cases have proven that it is the world's cure for rheumatism.

The "Fuss" Rheumatism Cure, moreover, is absolutely free from all dangerous drugs, stimulants or narcotics, free from opium, morphine, chloral, cocaine, ether, chloroform or alcohol, and is guaranteed so to the United States Government.

"Fuss" Rheumatism Cure sold at \$1.00 a bottle by all leading druggists, or will be sent prepaid on receipt of \$1.00 in full payment of \$5.00 by the Fuss Remedy Co., Flint, Mich.

HAIR DROPS OUT.

Many People Have a Simple Way of Stopping It.

It was Dr. Sangerbund of Paris who first discovered that dandruff and falling hair were caused by microbes.

And now that Parisian Sage, the remedy that kills the dandruff germ, is sold in every town in America, the clean people of this country have awakened to the fact that dandruff is unnecessary; that falling hair and itching scalp can be quickly stopped, and that people who use Parisian Sage will never grow bald.

To every reader of The Democrat-Forum who wishes to eradicate disgusting dandruff, stop falling hair, and have an immaculately clean scalp, free from itchiness, we make this offer:

The Koch pharmacy will return your money without red tape, if Parisian Sage does not banish dandruff, stop falling hair and itching scalp in two weeks.

Parisian Sage is sold by the Koch pharmacy and druggists everywhere for 50 cents a large bottle. It is an ideal, daintily perfumed hair dressing, free from grease and stickiness, and will cause hair to grow lustrous and luxuriant. Mail orders filled, charges prepaid, by Giroux Mfg. Co., Buffalo, N. Y.

### THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone, prices 50 cents and \$1.00. Sometimes a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Maryville only at our store—

### HAIR WANTED

NEWS OF INTEREST TO PEOPLE WHO HAVE NO HAIR.

There is one place where bald headed men shine, and that is in the front row seats of the theatre. They do not obscure your view like the "merry widow" hats and the reflection of the footlights on their plates lends a certain glamour to the scene. If these bald headed people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

## INDICT HEAD OF CARNEGIE TRUST

President W. J. Cummins is Held for Big Thefts.  
**CHARGES \$335,000 LARCENY.**

Borrowed on Trust Company Notes in Connection With Robin's Deal and Transferred Funds to His Personal Account—More Indictments Coming.

New York, March 22.—Out of the tangle of financial transactions first made known by the collapse of Joseph G. Robin's chain of banks, ruined by skyrocketing financing, the grand jury drew the indictment of William J. Cummins, directing head of the Carnegie Trust company, for the alleged larceny of \$335,000 from the institution a year ago.

Arraigned in court, Cummins pleaded not guilty with leave to withdraw the plea. Bail was fixed at \$50,000 and promptly furnished. Cummins is a Tennesseean, who came to New York only a few years ago, highly recommended.

He gained control of the Carnegie Trust company and through his solicitation, it is said, large city deposits were obtained shortly after the date of his alleged larceny.

Specifically, he is charged in three indictments with larceny in the first degree of these sums: \$120,000, \$75,000 and \$140,000 on April 21, 22 and 23, 1910, respectively. It is alleged these were borrowed by the Carnegie Trust company in a note transaction from two other banks and appropriated to Cummins' personal use.

Robin was a witness before the grand jury which returned the indictments. District Attorney Whitman also has made it plain that he expects other indictments to follow.

## CATTLE BUYER STABBED

Robert M. Brown Badly Wounded by Thomas Gilroy at St. Louis.

St. Louis, March 22.—Robert M. Brown, fifty-seven years old, a wealthy cattle buyer, who resides while on protracted visits here at the Planter's hotel, is at the city hospital with a knife thrust in his right lung, wounds on his neck and right hip and the index finger of his right hand gone. His wounds are the result of an attack upon him by Thomas H. Gilroy, a cattle man, who resides in East St. Louis. Physicians say Brown's condition is critical. Gilroy is under arrest.

Brown and Gilroy have been friends for thirty years. Gilroy, according to Brown, sought the loan of \$1,000 and Brown consented to let him have it but insisted that it would be best to turn the money over to Gilroy's wife. This suggestion angered Gilroy and he attacked Brown with a knife he picked up from a table close at hand.

## Battleship Sunk by Shells.

On Board Torpedo Boat Strongham Lower Chesapeake Bay, March 22.—Shattered by a storm of shell, the old battleship Texas, now the San Marcos rests on the mud of Tangier sound. The veteran of the United States navy sank under the spectacular marks of its newer sisters. Gaping holes in its port side and two jagged wounds in its forward armor where shells passed completely through it showed how it succumbed. The marks of its destruction were remarkable.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local.

Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerves, all tissues, and all blood elements.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, breaks local weaknesses and discharges, while the Restorative, cures nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—also a general tonic to the system. For positive local help, use as well.
